Providing timely access

THE CHALLENGE

Stigma and systemic barriers mean people wait years or decades before seeking help - yet treatment saves lives when offered earlier.

OUR IMPACT

We provide digital tools and online and in-person services that remove barriers and reduce stigma, so people can get timely access to the support they need.

For more information, visit turningpoint.org.au/30-years-of-impact/timely-access.

Gambling Help Online

Since 2009, Australia's first national online gambling support service has delivered 24/7 counselling, tools and resources to reduce harm and support recovery.
